

**Invitation to the 2nd European Union – Palestine Business Forum on 24th of October 2023
in Bethlehem, Palestine**

Following the successful first edition of 2022, we herewith cordially invite you to participate in the 2nd European Union – Palestine Business Forum, held under the auspices and presence of H.E. Dr Mohammad Shtayyeh, the Prime Minister of Palestine and the European Union Representative.

The main objectives of the second edition of the Business Forum are:

- To promote Palestine as an attractive destination for trade and sustainable investments;
- To connect Palestinian project promoters and businessmen with European investors, financiers and economic actors;
- To foster and accelerate deployment of 'Team Europe' financial instruments supporting Palestinian economy.

For this edition of the Business Forum we aim to bring together around 500 business leaders, bankers, investors, along with government representatives and diplomats, to engage on investment opportunities and strategic policy priorities for business development.

The Business Forum offers an avenue for public-private dialogue in the framework of the EU-Palestine Investment Platform, in order to better engage the Palestinian business community with European financiers and investors. 'Team Europe' includes the EU institutions, its Member States and European Financial Institutions as a collective.

We would be honoured by your participation in this landmark event.

Sincerely yours,

Sven Kühn von Burgsdorff
European Union Representative
